UCaaS and Teams Enterprise Voice

With a **Unified Communication** solution from Evolve IP, there's no need to replace your current communications environment. Evolve IP easily integrates to your business where it already lives and works. With the Evolve IP UC solution, your associates will take advantage of easy-to-use applications in your preferred environment, whether that is Google, Microsoft, or Apple. For detailed information about Evolve IP's UC solution, click here.

With the **Evolve Teams Enterprise Voice solution**, clients are provided the best collaboration application in the market by Microsoft, the best voice platform in the world by Cisco, and a world-class service provider in Evolve IP to provide additional solutions from our proprietary development, along with our Microsoft Gold Partner CSP experience. Evolve IP ties together numerous applications to provide the solutions and user experiences that businesses want from top-tier providers. For detailed information on the Evolve Teams Enterprise Voice solution, click here.
