

Evolve Contact Suite 5.4.16 Release Notes

We are excited to announce the Evolve Contact Suite (ECS) v5.4.16 release will be available on November 19, 2023.

What do you need to know?

1. Any changes made to your environment must be fully deployed via Setup before the upgrade and previously deployed versions will no longer be available after the upgrade.
2. If your organization is staffed during maintenance, they will experience a short downtime (less than 10 minutes).
3. Users will be notified on their first login after the upgrade to accept and download the newest update. Please instruct your users to accept the application update.
4. For more details about the steps, each customer can take after the release, see the [Post-Release Testing](#)

This release contains the following feature enhancements and bug fixes.

New Features and Enhancements

Supervisor

1. Supervisor BP Monitor – SL KPI – Added Media Type dimension.
