

ECS Setup: Assigning Disposition Codes

Step-by-step guide

1. To assign a disposition code to BP, make sure a code set has been created prior. ([click here for article](#))
2. Navigate to Business Processes (*disposition codes can only be added to BPs*)
3. Click on the desired BP
4. In the *General* tab, locate *Disposition Code Set* drop down
5. Select the desired *Disposition Code Set*
6. Make sure to *deploy*
