

Call Back Configuration (VoIP mode OFF) FOR UC-ONE MOBILE V23.0.8

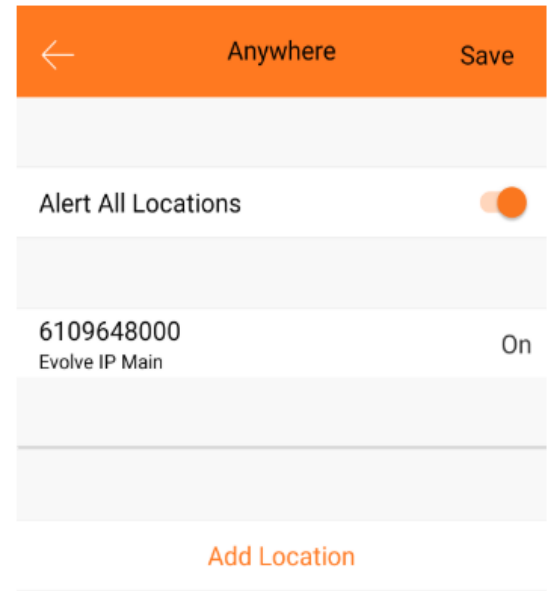

Step 1: When VoIP mode is Toggled OFF: Go to Settings – Calling

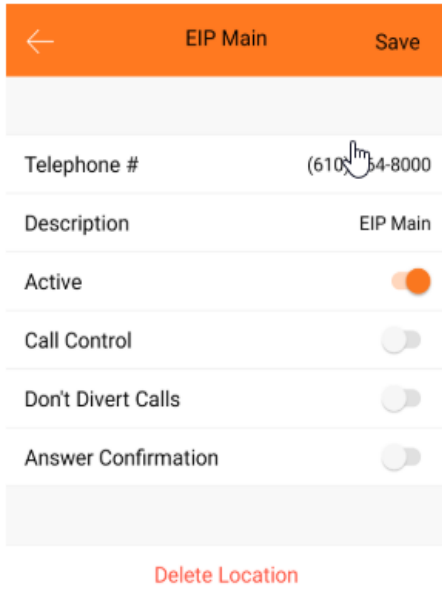

Step 2: Select Anywhere (note your mobile phone #)

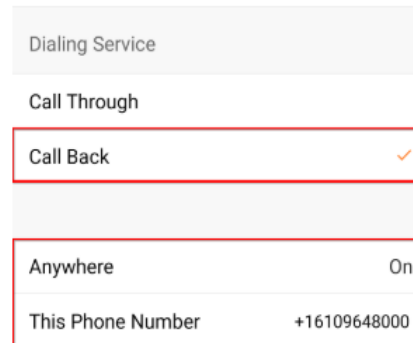

Step 3: Toggle ON - Alert All Locations

Step 4: Configure your Mobile # details and set to ACTIVE and press SAVE

STEP 5: Call Back is now checked and Anywhere is ON for calls to be delivered to Mobile

When Use VoIP is toggled OFF this setting will automatically set calls to be delivered to your mobile phone
