

# Microsoft Teams Training Hub

## Description

As a Microsoft Teams & Evolve Teams Enterprise Voice client, in addition to the Evolve IP Knowledge Base documentation, we created a page linking admins & end users over to Microsoft's extensive Microsoft Teams Training Library. This content includes Getting Started Guides, Video and Tutorials for Teams specific feature functionality that may be difficult to locate on their website. Microsoft is constantly updating their training material, which is why we opted to link directly to their content ensuring the latest versions are available.
