

Polycom VVX Phone Training

Description

Our VVX Phone training session is for those users that have a Polycom VVX phone (300, 400, 500, and 600 series). During this training, you'll learn general call handling functions such as transferring, conferencing, park & retrieve, accessing voicemail, creating speed dials, and more.

Select Your Device

Click on the your device below to reach that device's training page.

300 Series	400 Series	
 A black Polycom VVX 300 Series phone with a small monochrome display showing icons for New Call, Messages, and Queues. It has a standard 12-button numeric keypad and a handset on the left.	 A black Polycom VVX 400 Series phone with a larger color display showing a grid of application icons. It features a 12-button numeric keypad and a handset on the left.	 A partial view of a black Polycom VVX phone, showing the handset and the left side of the device.
