

vCloud Portal Admin Guide

PENDING UPDATE

Welcome to Evolve IP vCloud Portal user/admin guide. The goal of this guide is to supply Evolve IP clients with all the information required to successfully operate the vCloud portal.

vCloud portal is a service provider only product from VMWare, also known as VMWare vCloud Director.

The following resources will assist in building working knowledge of the product.

- [vCloud Director Users Guide](#)
- [vCloud API Programming Guide](#)
- [vCloud SDK for Java Developer's Guide](#)
- [vCloud SDK for .NET Developer's Guide](#)
- [vCloud SDK for PHP Developer's Guide](#)
