

# How to Install ClickOnce for Firefox

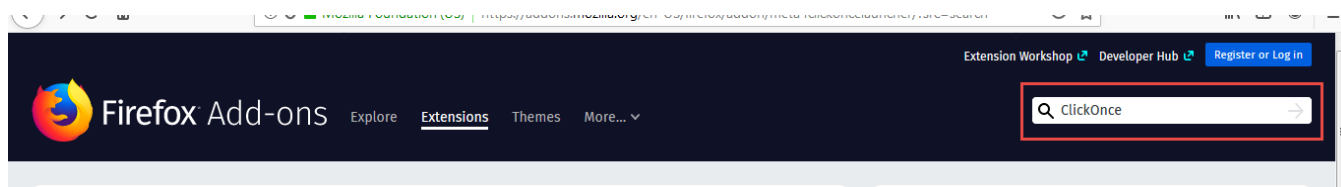

## How to Install ClickOnce for Firefox

If you are using Firefox to run the ECS Agent or Supervisor clients, you will first need to install ClickOnce for Firefox.

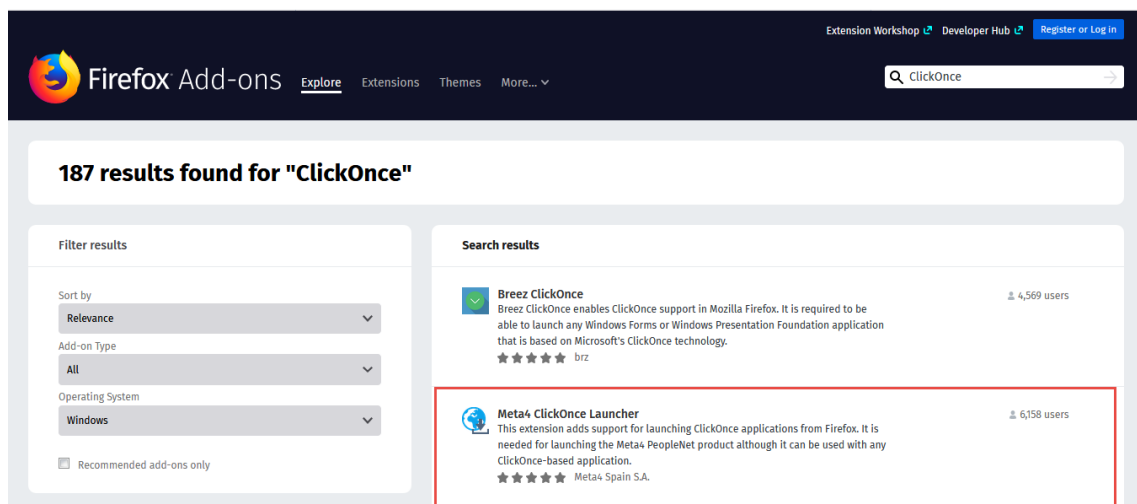

1. Select Menu > Add Ons

2. Search for ClickOnce

3. Click on the Meta4 ClickOnce Launcher

4. Select 'Add to Firefox'

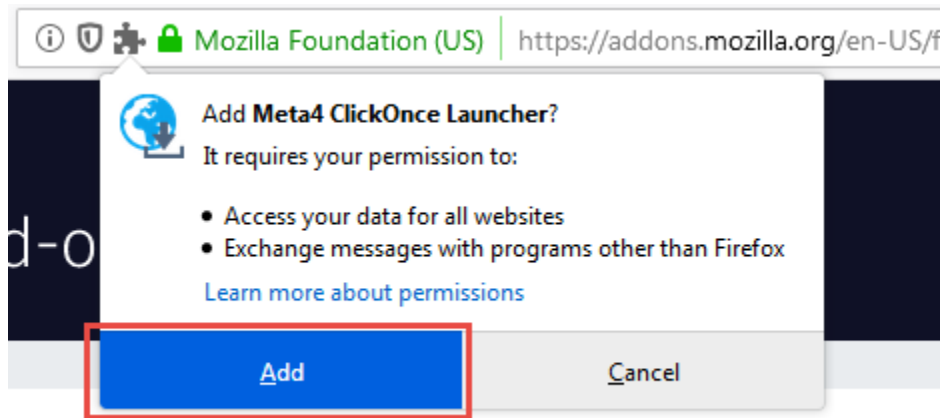

# Meta4 ClickOnce Launcher

by **Meta4 Spain S.A.**

This extension adds support for launching ClickOnce applications from Firefox. It is needed for launching the Meta4 PeopleNet product although it can be used with any ClickOnce-based application.

+ Add to Firefox

5. Firefox will ask you to verify if you wish to install the extension. Select Add

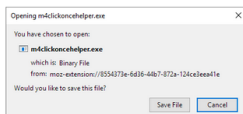

6. Follow the one time installation instructions

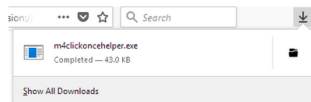

## Meta4 ClickOnce launcher

### One-time installation steps

Step 1  
Click on the save option for the m4clickoncehelper.exe file when prompted.

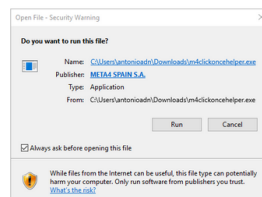

Step 2  
Display the progress of ongoing downloads and click over "m4clickoncehelper.exe" when the download is complete.

Uninstall information  
If you remove the extension you should also uninstall the "Meta4 ClickOnce helper for Firefox" program from your system.

Step 3  
Click on "Run" to run the helper installer.

Step 4  
A message will be shown when the helper for the Meta4 ClickOnce Launcher extension is successfully installed. Then, you can close this page.

7. After you click run, you will see a successful installation pop up.
