# Overview

This article will help you to customize your Clearlogin user portal including the look and feel of the user dashboard page and the logon page.

## Branding Settings for the User Portal

- Sign into the [Clearlogin admin portal](#) and browse to: **Settings > Look & Feel**
- Click on the **Branding** tab

### User Portal Color Settings

Setting	Description	Example
Brand (Background) Color	Changes the background color in the top header bar. Click the color box to show the color picker and make changes. Click the trashcan icon to revert to the default color.  Default: Evolve IP Orange (R:244, G:121, B:32)	<b>Brand Color</b>  
Accent (Text) Color	Changes the text color in the top header bar. Click the color box to show the color picker and make changes. Click the trashcan icon to revert to the default color.  Default: White (R:255, G:255, B:255)	<b>Accent Color</b>  
Input (Field) Color	Change the background color of input fields like the search bar. Click the color box to show the color picker and make changes. Click the trashcan icon to revert to the default color.  Default: Light Orange (R:246, G:148, B:77)	<b>Input Color</b>  
Input Text Color	Change the text color of input fields like the search bar. Click the color box to show the color picker and make changes. Click the trashcan icon to revert to the default color.  Default: White (R:255, G:255, B:255)	<b>Input Text Color</b>  
Icon Color	Change the color of the icons in the header bar. Click the color box to show the color picker and make changes. Click the trashcan icon to revert to the default color.  Default: Brown (R:122, G:61, B:16)	<b>Icon Color</b>  
Selected Icon Color	Change the color of selected/hover icons in the header bar. Click the color box to show the color picker and make changes. Click the trashcan icon to revert to the default color.  Default: White (R:255, G:255, B:255)	<b>Selected Icon Color</b>  
Secondary (Tile) Color	Change the color of the pop-up screen when hovering over an application tile. Click the color box to show the color picker and make changes. Click the trashcan icon to revert to the default color.  Default: Turquoise (R:24, G:164, B:200)	<b>Secondary Color</b>  

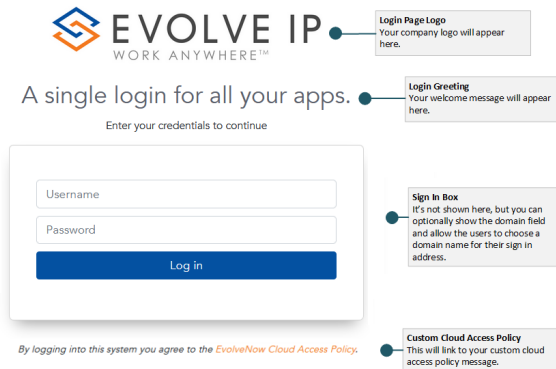

### Logo Settings

Setting	Description
Logo	<p>Upload your company's logo, which will be shown in the top-left corner on top of the brand (background) color.</p> <ul style="list-style-type: none"> <li>• We recommended that you experiment with logo sizes that are larger than 225px W x 50px H.</li> <li>• Keep in mind that Clearlogin will automatically scale your logo to fit in the header bar and also adjust to a browser's zoom settings.</li> <li>• Transparent images are supported.</li> </ul>
Login Page Logo	Your logo, which shows on the login page.
Logo URL Override	<p>The URL that your logo will be linked to in the header on your login/logout pages. This can be used to link to another website when a user clicks on your logo in the top-left corner of the header bar. When this field is left blank, Clearlogin automatically sets the URL to the user's dashboard.</p> <p>Default: <a href="https://yoursubdomain.clearlogin.com/dashboard">https://yoursubdomain.clearlogin.com/dashboard</a></p>

## Login Greeting Settings

Setting	Description
Login Greeting	This is the greeting that will show up on the login page.
Custom CSS	You can integrate your own CSS into the login page by uploading your own .css file.

## Example Login Page

## Additional Settings for the Login Page

These settings are applied to the login page for all users.

- Log into the **Admin Portal**: <https://admin.clearlogin.com>
- In the left-hand navigation bar, browse to: **Settings > Look & Feel**
- Click on the **Login Experience** tab

Setting	Description
Custom Cloud Access Policy or URL to Policy	By logging into this system you agree to the <CompanyName> Cloud Access Policy.
Hide Warnings to Users	<p>This hides warning messages to users when they have not enrolled in MFA or completed the account recovery setup process. If you turn of MFA open enrollment, then you should enable this setting.</p> <ul style="list-style-type: none"> <li>• Enabled</li> <li>• Disabled (default)</li> </ul>

Disable MFA Open Enrollment	<p>Select to turn off MFA open enrollment. This will not disable MFA when it is a requirement to log into the user dashboard.</p> <ul style="list-style-type: none"> <li>• Enabled</li> <li>• Disabled (default)</li> </ul>
Show Domain Selection Dropdown	<p>If you have multiple domains in your identity source(s) that are used by your users, then you will want to enable this.</p> <ul style="list-style-type: none"> <li>• Enabled</li> <li>• Disabled (default)</li> </ul>
Allow User Selectable Domain	<p>Select this if you have multiple domains in your identity source(s) that are used by your users. Deselect this if only one identity source with a single domain is being configured.</p> <ul style="list-style-type: none"> <li>• Enabled</li> <li>• Disabled</li> </ul>

## Additional Basic Settings

- Log into the **Admin Portal**: <https://admin.clearlogin.com>
- In the left-hand navigation bar, browse to: **Settings > Tenant Config**
- Click on the **Basic** tab

Setting	Description
Company Name	Enter your company name here.
Default App Sort Order	<p>Use the date setting if you want new app tiles to show up before the existing tiles (first in the list).</p> <ul style="list-style-type: none"> <li>• Alphabetical (default)</li> <li>• Date</li> </ul>
Timezone	Set your preferred time zone, which is used by your Clearlogin tenant.
Disable User Dashboard	<p>This setting only applies when using G Suite. When you enable this setting, users will not see the dashboard. Instead, they will be redirected to G Suite automatically after signing in.</p> <ul style="list-style-type: none"> <li>• Enabled</li> <li>• Disabled (default)</li> </ul>
Hide New Apps On Dashboard	<p>Select this if you would like to auto-hide newly created apps in the user dashboard. A user would need to open the app configuration panel, find the app, and then toggle the switch to show it on their dashboard.</p> <ul style="list-style-type: none"> <li>• Enabled</li> <li>• Disabled (default)</li> </ul>
Allow Partner Access	<p>Authorizes your reseller to log in and provide support for your Clearlogin account.</p> <ul style="list-style-type: none"> <li>• Allow (default)</li> <li>• Deny</li> <li>• Read Only</li> </ul>
